Profit Sharing

A way to help you with your cost of living

Say your monthly NBN bill is

\$69.00

Monthly Bill

and lets say you refer two people who connect their NBN with Veteransnet, you would earn

Profit sharing - Level	A - Referred	Total							
	2	2	\$5.00	\$10.00	Reduce to	\$59.00			Monthly Bill

So lets use you (A) as the example, if you referred 2 and lets say the 2 (B) you referred each refer 2, then you would **earn a further**

Profit sharing - Level		A - Your Referral	B - Each Refer	Total					
		2	2	4	\$2.00	\$8.00	Reduce to	\$51.00	Monthly Bill

If (B) refers 2, lets say the 2 referred each refer 2 = 4 referrals, connected their NBN, then you would **earned a further**

Profit sharing - Level	B - Referrals	C - Referrals	Total					
	4	2	8	\$1.00	\$8.00	Reduce to	\$43.00	Monthly Bill

* You can refer as many people as you like - once they connect their NBN to Veteransnet you will then start to receive an ongoing monthly credit against your account, for as long as they remain with Veteransnet.

* If your account goes into credit say \$50, then Veteransnet will send you a \$50 gift voucher from Coles or Woolworths to further help you with the cost of living OR you can upgrade your NBN speed - Your Choice.
